

Jindal Stainless Steel Pipe Price List

This Jindal stainless steel pipe price list provides indicative per-kg and per-metre rates for commonly stocked grades such as SS 202, SS 304, SS 304L, and SS 316 in round, square, and rectangular pipe profiles. Stainless steel pipe prices are influenced by global nickel and chromium market trends and are regularly adjusted based on LME-linked raw material rates. The prices mentioned below reflect typical Mumbai stockist market ranges and are intended as a general budgeting reference only. Final pricing is confirmed at the time of order dispatch based on the latest raw material rates, size, thickness, finish, and quantity requirements.

Grade Comparison — SS 202 vs 304 vs 304L vs 316

Choosing the right grade is the biggest cost decision on any SS pipe order — the SS 304 to SS 316 price gap can be 40% on the per-kg rate.

Grade	Composition	₹/kg	Typical use
